PYP TRANSDISCIPLINARY THEMES

The PYP is the ‘primary years program’ of the International Baccalaureate Organization.

Within the PYP it is believed student learning is best done when it is authentic – relevant to the ‘real’ world and transdisciplinary – where learning is not confined within the boundaries of traditional subject areas, but is supported and enriched by them.

The following books are arranged within the PYP transdisciplinary themes ...

(n.b. all titles listed are available for sale from Books Illustrated as at February, 2010.
